

Two ways to save on your new REAL LOG HOME® log home

REPEAT CUSTOMER INCENTIVE

If you purchase a second log package from REAL LOG HOMES® you will receive a 2% discount. If you purchase a third log package from us you receive a 4% discount.

These will be in addition to any other promotional incentives to which you are entitled. However, the combined total of the two incentives or discounts cannot exceed 7%.

So nice to come home to™

OFF-THE RACK INCENTIVE

Most people customize their home plans. Not many take one right "off the rack". However, with the gorgeous offering of REAL LOG HOMES® standard models, more and more people like you are finding a standard plan fits their lifestyle perfectly. Thanks to this ongoing discount, you could also save thousands of dollars on that perfect standard plan!

Purchase a REAL LOG HOMES® standard model (excluding REAL LOG CABINS™) from our current Portfolio of Floor Plans without making a significant change to the plan, and you'll be eligible for a 3% discount on your log package price. Standard plans are those that are included in our current plan book or in the standard model section of our website.

A minor change for a mirror image of the plan, the addition or deletion of skylights, or a change to a joist or rafter style is acceptable. Some conditions do apply and Standard Model prices are subject to change without notice.
