Birdwatching at the Arboretum with Biologist Greg Pongetti

Red-shouldered Hawks, Snowy Egrets, Red-winged Blackbirds, Great Blue Herons, hummingbirds, finches and more!

Join staff biologist and bird enthusiast **Greg Pongetti** for a stroll through the Arboretum discovering the wonderful birds that visit and live on our grounds. As you walk and observe, Greg will share bird watching techniques as well as the natural history, identifying features, songs, and specialized adaptations of our feathered friends. This is a great opportunity for both beginning and experienced birders—we recommend multiple walks!

Bring binoculars and field guides if you have them. All ages welcome.
