

Careful – Community Pride is Contagious!

TOWN HALL MEETING
THURSDAY, JUNE 26, 2008 – 5:30PM
APALACHICOLA COMMUNITY CENTER
1 BAY AVENUE – APALACHICOLA

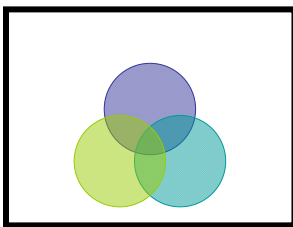

Step up and become a partner with the leadership of the City of Apalachicola in their commitment to create a safe, clean and economically healthy community. City leaders and residents must work together to identify and find solutions to community safety needs and deter unwanted influences such as illegal drug activity, public consumption of alcohol and late-night loitering. Safety and cleanliness are the first two steps toward a community's sense of well being and vitality that will naturally attract a thriving economic foundation.

One individual...one neighborhood...can and will influence others...soon the pride becomes contagious community wide! We hope you will be one of those individuals that will become an active part in your community.

For further information contact:

City Administrator Betty Webb or Shirley Byrd at (850) 653-9319

Chief of Police Bobby Varnes or Lizzette Dearing at (850) 653-9755
