

## ***Get involved with Sisters' Health Workgroup***

Sisters' Health Workgroup is underway! This is a pivotal time for Oregon Health Reform and we have many ways for folks to get involved. Please join us!

- **Get Involved:** Small group trainings, Q&A sessions on the Oregon Health Policy Board (OHPB) and the Oregon Health Authority (OHA).
  - **Topics will include:** What is the OHPB? Who participates on the OHPB? What is the OHA? How are these groups related to health care reform in Oregon? How can you get involved and have a voice to make positive changes in the Oregon health care system?

### **More ways to get involved –**

- Watch and discuss the movie *Unnatural Causes* which explores the social inequalities in the US health system. We will be showing segments of this series throughout 2010.
- Share your health care policy input and communicate with committee members who are drafting Oregon's health care policy.
- Learn how to craft your personal story into powerful testimony. The Oregon Health Policy Board is always looking for personal stories related to health care.
- Watch Oregon Health Policy Board (OHPB) meetings live in the Personalist Center. Write-in questions electronically before monthly OHPB meetings.
- Learn about the Oregon Legislature process, how to lobby, and how to create a lobby day.

**For dates, times and more information, contact [Heather Fercho](#), or call 503-222-5694 ext. 40. [Email us](#) to be added to the Health Workgroup contact list.**
