## **LABEL-AIRE 3139-15 Wipe-On and 3139-38N Printer Applicator Models**

Label-Aire is proud to introduce the newest additions to its line of advanced pressure-sensitive label applicators and printer applicators. The NEW Label-Aire® *Model 3139/15 Wipe-On and 3139-38 Printer Applicator* represent the pinnacle in advanced dual-panel/multi-panel labeling technology.

Both models can apply labels around any corner or two labels on adjacent panels utilizing Label-Aire's unique patented vacuumized drum. Furthermore, the 3139/15 and 3139/38N feature automatic setup for easy changeovers to different label sizes, offer a wide range of arm lengths, and are both RFID configurable.

### **3139/38N Printer Applicator**

The Model 3138-N with its built-in label unwind and rewind capabilities is utilized for one-to-one print and apply allowing for the immediate application of each label as it is printed. The 3139/38-N's sturdy swing arm can be configured for cartons or pallets. The heavy duty square-frame mounting stand can be bolted to the floor for added stability. The 3139/38-N is compatible with most O.E.M. printers.

### **3139/15 Wipe-On**

Pre-printed labels are applied utilizing the Model 3115 as the label dispenser. The 3139/15's sturdy swing arm can be configured for cartons or pallets. The heavy duty square-frame mounting stand can be bolted to the floor for added stability. Like all Label-Aire products including the 3139/38N Printer Applicator, the 3139/15 Label Applicator is built to meticulous quality standards and designed to withstand the most intense operation.
