

## SOLOMON'S PUDDLE

Hey, I'm Solomon and this will be my 2 cents worth in the E News. I'll keep U all posted on the goings on of the animal residents here. U see, I belong to the Founders and I've had to experience a lot of changes since my home became a welcome mat to all these other guys. It was a little un-nerving @ 1<sup>st</sup>, but I have gotten accustomed to seeing 'another one' show up...and I've made some pretty good buds along the way...and I've lost some too. So each month I hope to share w/ you the escapades of those who have called this place home. My puddle this month 'pawlutes' those who have come and gone.

In July 2007 we lost a very 'big' part of 7 Blessings' family. An English Mastiff named Athena. As we've experienced with other losses, one does not realize how much a part of our lives someone/thing is until they are no longer a part....Sadly we have lost many of our residents during 2007, BUT, they lived out their lives here in happiness and love. We have learned much from our departed friends. We give thanks as we list them here and celebrate their being a part of our 7 Blessings family.
